

Printing to PowerRIP 2000 from QuarkXPress 4.1 using Windows 2000

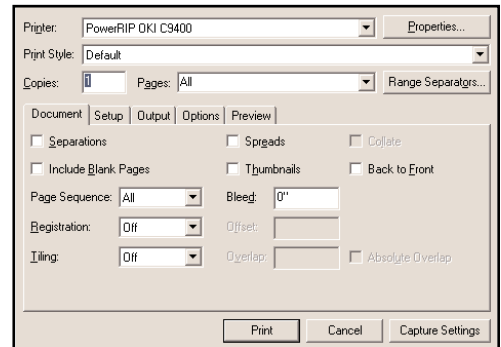

Note: It is assumed that a QuarkXPress file is on the screen and ready to be printed.

Step 1: Go to File>Print

The **Print** dialog will display.

Document tab

Deselect **Include Blank Pages**

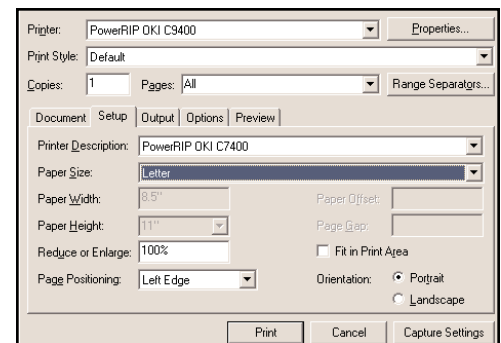

Step 2: Setup tab

Select the correct **Printer Description** for your printer.

Select the appropriate **Paper Size**.

Click **Properties** in the top right corner of the Print dialog.

Click **Advanced** in the bottom right corner of the Properties dialog.

Step 3: Advanced Properties tab

Select the features appropriate for your needs.

For an in-depth discussion of all the available options for your printer see Chapter 9 of the PowerRIP 2000 manual.

Note: This is a scrollable dialog.

Click **OK**.

Click **OK**.

Click **Print**.

If this is the first file you are sending, PowerRIP 2000 will automatically launch, process, and print.

Auto launch will only happen if you have installed PowerRIP 2000 on your c:\ drive. If it is installed on any other drive, you will have to manually launch. To manually launch go to Start>Programs>PowerRIP 2000>PowerRIP 2000.
